

## Information and advice

We will:

- Strengthen the voluntary sector through the provision of relevant information and advice.
- Develop a programme of individual and group support.
- Support community organisations through the delivery of a county wide training programme.
- Promote understanding and knowledge through the provision of funding alerts and news letters.
- Investigate and research electronic methods of communication in order to maximise resource and cater for diversification.
- Understand and report on the needs of the sector through the publication of an annual State of the Sector survey.
