

Innovate and Cultivate Fund

Waste Funding Priority

Maggie Pratt
Waste Stakeholder Manager
Waste Management Team
27th September 2017

Background

- ◆ Two Tier County – County Council and 5 District Councils
 - ◆ County responsible for Waste Disposal and Household Recycling Centres
 - ◆ Districts responsible for waste collection

Services provided by Cambridgeshire

- ◆ Mechanical Biological Treatment plant
- ◆ Nine Household Recycling Centres
- ◆ Composting
- ◆ Education Centre
- ◆ Landfill

MBT Plant

- ◆ Mechanical separation takes out Recyclates
- ◆ Biodegradable material decomposes reducing the outputs for disposal
- ◆ Residual Waste reduced

Nine Household Recycling Centres

Recycling

All sites can accept the following materials for recycling...

	aerosols		batteries		car batteries
	cardboard		cooking oil		fluorescent tubes
	food tins & drink cans		fridges & freezers		gas bottles
	garden waste		hardcore & rubble		hard plastics
	low energy bulbs		mixed glass bottles & jars		mobile phones
	paper		plasterboard		scrap metal
	small appliances		soil		textiles
	tv's & monitors		used engine oil		wood & timber
	plastic bottles	Plastic bottles are also collected at Milton, Bluntisham, St. Neots, Thriplow and Witchford HRCs			

Composting

- ◆ IVC takes kerbside Green Bin waste
 - ◆ Need to keep contamination to a minimum
- ◆ Open Windrow takes HRC Green waste
- ◆ Produces Soil Improver
 - ◆ At Waterbeach, Alconbury and March FOC
 - ◆ Sold bagged at HRCs
 - ◆ Sold to agricultural markets

Education Centre

- ◆ Delivers messages to the wider community and schools through visits and outreach
 - ◆ Waste minimisation
 - ◆ Encourage proper use of waste services
 - ◆ HRCs
 - ◆ Decrease residual waste

Recycling

◆ Kerbside Recyclates

- ◆ District collect recycling across the county
- ◆ Not part of the County's contract

◆ Material Recycling Facility separates the materials

HOME REDUCE & RE-USE RECYCLING WHAT HAPPENS TO WASTE RECYCLING EDUCATION ABOUT RECAP NEWS

Food and garden waste collection in Cambridgeshire
is made into quality compost used by
local farmers and gardeners.

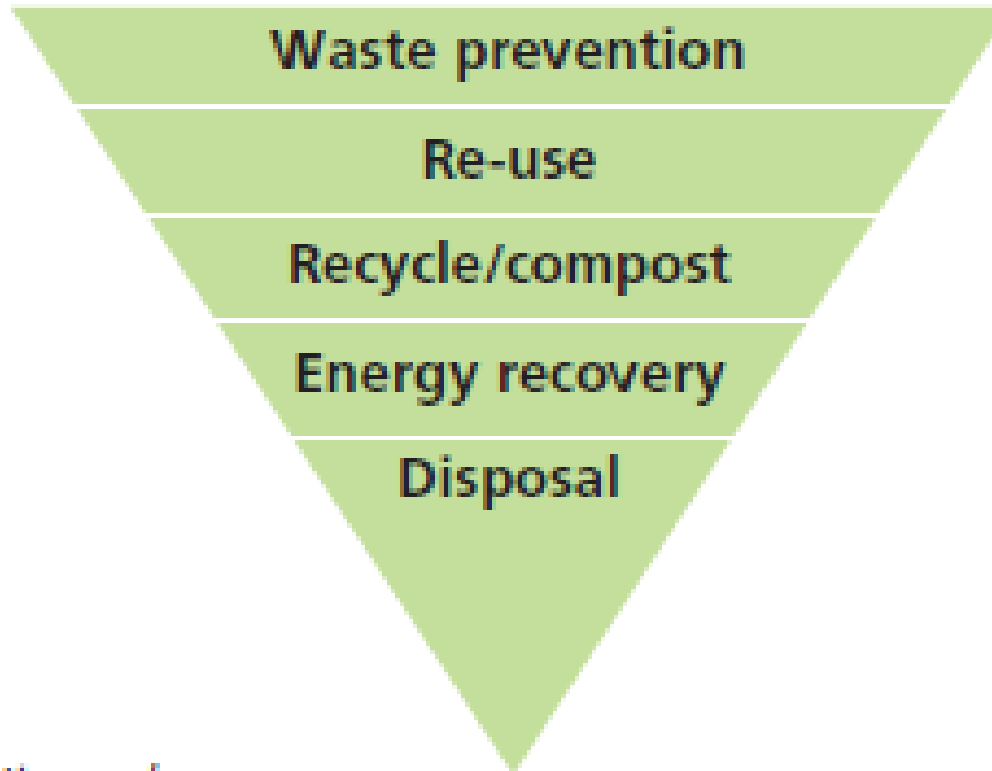

Look at our new video to see how.

Welcome to our recycling website where you can find out about local services and help with ideas to reduce what we send to landfill.

Waste Hierarchy

Waste Hierarchy

Priorities

- ◆ With a £30M annual budget
 - ◆ Reduce the amount of waste collected at kerbside and at Household Recycling Centre
 - ◆ Produce less waste in the first place
 - ◆ Divert material out of the residual bin

Thanks for listening
